### Excerpts from Our Valedictorian's speech:

*After four years of hard work, patience, and determination, the moment we've all been waiting for has now arrived...*

*First of all, I would like to show my highest gratitude to our dear Lord for giving me this life and talent, who's always been the source of everything. Though trials may come, He helped me overcome my fears and weaknesses. He's the great One who made all these dreams become a reality... I will never forget the principles that this school has taught me. From the inspiring principles on our PACEs to the uplifting CLT devotions, this school has shaped my spirituality a lot. One principle that I would never forget is that "If you would be an achiever, you must first be a believer."*

*Now let me take this opportunity to thank all the people who had been instrumental in my becoming a better person. To my teachers, I am so grateful for your shared knowledge and patience that helped me be aware of what is happening, not just inside the four walls of the classroom, but more of what is in the real world... I have learned a lot from you. And, because of your patience and education,... Now I am going to face a great challenge, but you prepared me and my classmates to face it. Our dearest Pastors, thank you for the inspiring messages every morning during devotions and chapel day. It really helped us to build our character and develop our spirituality... You reminded us that there is a God who is willing to help us, forgive us, as well as protect us. To our God's great missionaries, thank you for everything. Without your hard work, this school wouldn't be as successful as it is today. Thank you for giving unfortunate students a chance to study in a private ACE school. Thank you for the contributions that established this school. God bless you more. To my sponsors, I want to express my deepest gratitude for their all-out support. They really are God's blessing to me and my family. To my every-loving parents, thank you for understanding my short-comings and training me...although we're not rich, you gave me enough opportunities, thank you for providing the best for me.*

*...And finally, new doors full of trials, hardships and more challenges are awaiting for the graduating senior of ASA. I do hope that we will still be recognized as one of ASA's outstanding graduates. The memories we shared with each other are enough to keep life going. Seniors, don't forget your Alma Matter and the Great One who made all these come into place. Be proud that you are an ASA Graduate.*

Reishalen Bulaclac

**If you would like to contact ASEA regarding this report, you may write or call the address on the back, or E-mail ArisePhilippines@msn.com. We would love to hear from you.**

Below is the speech given by Ahjin Escamilla, who received the 1st Honor in the Learning to Read Class:

*“Education is the key to success” but what is education? if there were no parents, who are my very first teacher, without teachers to guide me in school, without classmates to teach me the values of friendship, without pastors to teach me the way of the Lord and without God who has made all these possible. Without any of these, education is not complete and true success could not be achieved.*

*My journey has just began, and God being my ultimate teacher, I have no doubt that the road ahead of me is paved with so much love and care. I thank you all! and to God be the glory!*

## Welcome New Sponsors!

We are blessed to welcome “on board” about 20 new sponsors this quarter! We pray that God will richly bless you and meet every need as you sacrifice to bless others.

SEED Student **Alcar Gurieza** shares the Good News while traveling on the bus to Manila. Alcar and **Elijah John Reyes** spent the day with Pastor Noel preaching on the bus, in the market and the streets of Manila. Both of these young men plan to pursue Bachelor of Theology Degrees at the Philippine Missionary Institute.

## Congratulations to our College Graduates!

If you were sponsoring one of these, we THANK YOU for helping to make what is usually IMPOSSIBLE for these young people, POSSIBLE! Congratulations to Sponsors and Students alike! ## ASA Building Needs

Our school is on it's summer break for a few months and that means it time for building repairs! There is a need for about \$2000.00 to cover these repairs and upgrades. Please pray for this need and any help is greatly appreciated!

## Current Needs for Sponsorship

Pastor Noel Alberto has submitted some urgent needs for sponsorship. They are shown below with the photos. Also, in the list are the students who are still in need of sponsorship. Many of these were sponsored, but the sponsor was unable to continue. Please pray for these needs to be met and if you know of anyone that might be interested in making a difference in one child's life in the Philippines – let them know about the SEED Program! Also, the need for donations to the General Fund of the school are greatly appreciated. **There was approximately \$7500.00 in unpaid support during the school year 2009-2010.** General donations are also used to help cover cost of the daily meal.
